S.B. Civil Writ Petition No.3832/06
Santosh Kumar Pipersania Vs. State & Anr.

Date of Order : 11/05/2006

Hon'ble Mr. Justice Ajay Rastogi

Mr. Vijay Singh, for petitioner

Petitioner has filed writ petition on apprehension that DPC met while making promotion of Executive Engineer, on 22nd April, 2006, his candidature might not have been considered and even those who are not eligible under the rules, have been included while making recommendation by the committee constituted under the rules.

In my opinion, in the absence of any material placed on record, mere apprehension will not be sufficient to entertain the present writ petition.

Counsel further submits that he has made representation to the Government apprising with regard to recommendation made by the DPC. If that be so, the Government is always competent to examine while approving such recommendations under Rule 24-A(13) of Rajasthan Service of Engineers [Building and Roads Branch] Rules, 1954.

I do not find any merit in the writ petition to entertain at this stage, the same stands dismissed.

[Ajay Rastogi],J.
